EDUCATION

● B.Sc. in Transportation Equipment and Control Engineering

2015.09—2019.06 Central South University(CSU)

Score : 87.31/100 Rank : 19/153

● M.Sc. in IC Design Engineering

2019.09—present The Hong Kong University of Science and Technology(UST)

EXPERIMENT

- **Project "Opportunistic communication in smart city" Pro. Anfeng Liu** **RA**
 - Self-studying python for data analyze and processing data for the project
 - Searching, collecting, and summarizing the materials for discussion
 - Making presentation for advanced idea
- **Mathematical Modeling Competition (MCM/ICM)** **Team Leader**
 - Building mathematical models, data collecting and analyzing
 - Writing paper for the competition
 - Group discussion and cooperation
- **Competition "Traffic science and technology "** **Team Leader**
 - Providing ideal for project and writing proposal
 - Designing for the functional logic and the interface of APP modules
 - Responsible for the PPT and speech
- **Social Practice Activities In Changsha Railway Station** **Group Member**
 - Making questionnaire with the team members to investigate the use of the train station signage
 - Giving suggestion about the station signage improvement and report inspection
- **Interesting Handicraft "self-winding obstacle car"** **Group Member**
 - Detailed studying of the structure of mechanical car and the use of mechanical equipment
 - Detailed studying of embedded system
 - Programming and debugging of the function of the self-winding obstacles based on MCU compiler

AWARDS

- **Competition** : MCM/ICM in 2018 (Honorable Mention) ; Traffic Science and Technology (Third Prize) ;
- **Scholarship** : National Inspirational Scholarship ; Scholarship in CSU (Three times) ;
- **Personal** : Outstanding Student in CSU (Two times) ; Excellent Officer of the School Youth Association ; Excellent Officer of the Academic Exchange Committee of the Hunan, Hong Kong,
